BODY CREAM

A soft haze
Moisturising & Nourishing

Because you are unique, your body needs daily, all over hydration to maintain its elasticity; but also appreciates those special moments of delicate care ... This generous, unctuous, delicately scented body cream provides a rich silky texture which noticeably moisturises and nourishes your skin. Suitable for all skin types.

We entrust you with the delicate fragrance of our rich and generous recipe. It is composed of innovative natural ingredients: Toulouse Symbiolette® Violet (collagen booster), organic shea, organic rose, organic coconut and daisy. We have taken many years of loving eco-responsible scientific research to bring you our recipes. The violets at the heart of this cream are hand-cultivated in our Toulouse garden, the water comes from the Pyrenees and 97% of our ingredients are of natural origin. Our products are carefully formulated and packaged in the Occitan region, in the south of France. Our secrets, created just for you, are packaged with sugar cane tubes and recycled cardboard with vegetable inks ...

Because it all starts with family history.

The Toulouse violet has unique properties that were a mystery until today... Our passion and desire to share its secrets have brought us to you ... We have been cultivating the traditional Toulouse Violet for more than 30 years, and with the expertise of French craftsmanship, have created these rich and generous products with Violet at their heart. Fragile, airy, rare and authentic, it holds exceptional dermatological virtues that we have investigated over more than seven years of scientific research. We have the great pleasure of passing on its benefits to you.

Use

On clean, dry skin, apply all over in stroking circular movements and from bottom to top on the legs and arms. Reapply to dry areas, elbows and feet for example, for visible effect in just a few days. Suitable for all types of skin.
