Recettes de beauté

SERUM

Beauty enhancer
Smooths and firms your skin

Time flies, and you want to stay pretty and on form, your skin smooth and firm to the touch.

This lotion combats the effect of time and helps traverse the delicate moments in life, to leave your skin smooth and young looking.

Appropriate for all types of skin.

We entrust you with our unique recipe, composed of innovative natural active ingredients: 'Symbiolette®' Toulouse Violet (collagen booster), organic honey (skin repair), organic glycerine, organic blueberries, daisy, lily oil (nourishing), Gatuline® (anti-ageing), hyaluronic acid (moisturiser).

We have put much eco-responsible scientific research and love into our recipes: The Violet at the heart of this lotion is cultivated by hand in our gardens in Toulouse. The mineral water we use comes from the Pyrenees and 97% of our ingredients are of natural origin.

Our products are carefully formulated and packaged in the Occitan region, in the south of France.

Our products are packaged with sugar cane tubes and recycled cardboard created just for you...

Because it all starts with family history.

The Violette de Toulouse has unique properties that remain mysterious even today. Our love of the Toulouse Violet has brought us to share its secrets with you. We have been cultivating the traditional Toulouse Violet for more than 30 years, and with the expertise of French craftsmanship, have created these rich and generous products with Violet at their heart.

Fragile, airy, rare and authentic, it holds exceptional dermatological virtues that we have investigated over more than seven years of scientific research. We have the great pleasure of passing on its benefits to you.

Use

On clean, dry skin, apply the lotion with your fingertips to the entire face and neck, massaging from bottom to top.

For a smooth complexion, complete your ritual with the face cream and the BB cream.
